

# Nokia 6010 Keypad Replacement

Written By: Nicholas Hanne

## INTRODUCTION

Use this guide to remove and replace the Nokia 6010's keypad.

---

### TOOLS:

- [Spudger](#) (1)
-

## Step 1 — Battery

- Press the small tab on the bottom of the back of the phone.
- Push the back case upward towards the power button. The back case will then pop off.

⚠ It requires some force, so be careful.

## Step 2

- Lift the battery near the bottom and pry up.

### Step 3 — SIM Card

- With one hand, press the ridged tab near the visible side of the SIM card.
- Slide the card out with your other hand.

### Step 4 — Keypad

- Grip the phone on either the sides, the top, or the bottom.
  - Pull the front case away from the rest of the phone.
- i** There are no special tabs to keep it in place so it should wiggle free easily.

## Step 5

- Lift the keypad away from the body of the phone.
- ⓘ The keypad is the rubber-backed piece with the number keys.

To reassemble your device, follow these instructions in reverse order.
